

Customer Reference List

Competence through training

Bryan Donkin RMG has provided expert training and assistance on gas controls in many parts of the world, often as part of a contract to design, manufacture and supply gas control equipment. The scope of the training has ranged from product familiarisation, gas control fundamentals and systems, to onsite commissioning and maintenance training. With assessments and certification as required.

Our experience is worldwide including Europe, China, Indonesia, Malaysia, South Korea, Bangladesh, Nigeria, Russia, Australia, South America including Chile, Argentina, Brazil and of course gas utilities, companies and organizations in the UK. Over the past 25 years our clients include:
